**Ukraine** has ramped up the pressure against **Russia** further by liberating a village within the Donbas region.

In a milestone victory, Ukrainian flags will be flown once again in Bilohorivka, Luhansk, officials confirmed yesterday.

The eastern province's governor, Serhiy Haidai, said Ukraine's armed forces were in 'complete control' of Bilohorivka.

'Soon we will drive these scumbags out of there with a broom. Step by step, centimetre by centimetre, we will liberate our entire land from the invaders,' he said.

Video footage posted to Telegraph showed Ukrainian soldiers patrolling down a battered Bilohorivka street controlled by Moscow for two and a half months.
